About the Company

Founded in 2025, **Global Trading Axis** is a specialized export and trading company focused on promoting and supplying high-quality food and beverage products from the Caucasus to international markets, with a primary focus on the Gulf Cooperation Council (GCC) region

Our company serves as a strategic link between Caucasian producers and global buyers, helping local manufacturers effectively, reliably, and professionally present their products in promising markets

Our mission is to connect the natural wealth of the Caucasus with global demand, ensuring the supply of high-quality, authentic Caucasian products to international markets through a reliable, transparent, and strategically designed export channel
